**DECISION**

**TOPIC**

**Budget Request for FY 2009**

---

The Natural Resource Commission's approval is requested for the Department's appropriation request for Fiscal Year (FY) 2009. FY09 marks the fourth year in which executive branch departments and agencies' budget requests are submitted via a process termed, "Purchasing Results." This process does not follow the traditional method of beginning with a base budget and adding and subtracting. Instead, it focuses on the results Iowans want from their state government. The Governor, Lt. Governor and, ultimately, the Legislature become buyers of government services on Iowans' behalf. The state agencies are sellers of these services.

The Purchasing Results process creates a marketplace where the buying team utilizes targeted monies to buy the best "Offer" that will most effectively produce the greatest results.

For all activities the Department proposes to conduct in FY09 with appropriated funds, whether they be new, existing, or modified, Offers must provide a given result that will be evaluated against one another and compete with all other Offers for the dollars allocated to that result.

Each Offer will align with one of the Legislative Budget Subcommittees to achieve results. Those seven Results Areas are as follows:

- Education
- Health and Human Services
- Economic Development
- Justice
- Agriculture and Natural Resources
- Transportation, Infrastructure, and Capitals
- Administration and Regulation
